Clarification No. 8 to the TD

ITT 12.2 – selection criteria

QUESTIONS	ANSWERS
<p>Question No 1 With reference to Question No.1, Clarification No.2 to the TD, member A of the Consortium tenderer meets the performance of 2 ports and member B does not meet the requirement for technical and professional capacity. As prescribed in the Answer No.1, “In case of consortium, if it is the lead member of a consortium, it must be able to carry out at least 20% of the contract works using its own resources. If it is a partner of a consortium (i.e. not the lead member) it must be able to carry out at least 10% of the contract works using its own resources.” In such case, as long as member B is able to carry out 10% of the contract works using its own resources despite of its lack of past port construction experience, the Consortium of member A and member B can be regarded as qualified candidate. And what proof should member B provide in order to verify the qualification of the consortium? In another word, are there some other specific criteria for the evaluation of member B?</p>	<p>Answer No 1 All criteria are specified in the tender documentation.</p>

requirement for completing the construction of sea ports. Both of them can demonstrate rich experience in port construction. Please kindly clarify whether this consortium formed by member A and B meets the requirement of the tender.

following: **“If a tender is submitted by a consortium, unless specified, the selection criteria will be applied to the consortium as a whole.”**

Please, take a note that the Contracting Authority cannot give any prior assessment of any of potential tenders.
